TOWN WARRANT

To the Inhabitants of the Town of Rindge in the County of Cheshire in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Rindge on Tuesday, the eleventh day of March, next at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To hear and act upon the reports of the Selectmen, Overseer of the Poor, Town Treasurer, Town Clerk, and reports of all Agents, Committees, and Officers heretofore chosen, and act in any way relating thereto.
4. To see if the Town will allow the Selectmen to borrow money in anticipation of taxes.
5. To see what method the Town will adopt to collect taxes.
6. To see if the Town will vote to construct an electric power and light line extending off the main line beginning at foot of hill north of the late Mary L. Ware farm on lake road, thence north to U. S. route 202, thence along said route to residence of Pearly Kennedy, a distance of one mile.
7. To see if the Town will vote to have the street lights remain lighted throughout the night, or take any other action relating thereto.
8. To see if the Town will vote to raise Town Officers' salaries.
9. To see if the Town will vote to rescind Articles 1, 2 and 3 of the Special Town Meeting held July 16th of last year.
10. To see if the Town will vote to close the road which runs off route 202 and past the Town Hall to route 119, or take any other action relating thereto.
11. To see if the Town will vote to relinquish all claims to the well on the property of Earl Whitehead in West Rindge, or take any other action relating thereto.

Article 12

To see if the Town will vote to amend Article I by striking out Section I and inserting the following sections, or take any other action thereon:

Section I. The entire Town of Rindge, New Hampshire, is hereby divided into three classes of Districts as shown on the "Zoning Map of the Town of Rindge, New Hampshire, prepared under the direction of the

Planning Board, February 19th, 1947," which map, together with all the boundary lines and designations thereon, is hereby declared to be a part of this by-law.

The three districts are respectively:

1. Residential Districts (shown on said map as white, or the natural color of the paper.)

2. Business Districts (shown on the map as a shade of blue) in West Rindge, from a point at the junction of Route No. 202 and Church Road extending along said Church Road to the Cleaves-Winship boundary, thence northeast to the northeast boundary or to the Marcus Cleaves-Arthur Knight property, and thence southeast along said Cleaves-Knight boundary line to Route No. 202, and thence along Route No. 202 to the starting point.

Starting at the Route No. 202 and the B. & M. R.R Crossing and extending southeasterly along Route No. 202 to a depth of 200 feet to the Raymond Stannard Boundary line.

In Rindge Center, from the so-called transformer house on Route No. 202 extending along the southwest side of said Route No. 202 to a depth of 200 feet to the southerly boundary of the property owned by Ralph Hoyt but excluding the land known as the "Common."

In East Rindge, starting at the northwest boundary of the so-called "Chapel" and extending along the southwest side of Main Street to a depth of 200 feet, to the northwest boundary of property now owned by Everett Blair.

3. Industrial Districts (shown on the map as a shade of red). The Industrial District boundary lines shall be as follows:

A. In West Rindge, from a point 500 feet South of the Boston and Maine Railroad Crossing at Route No. 202, extending along both sides of the B. & M. Railroad right of way to a point 1,000 feet northeast of Wetmore Crossing. This area shall be 700 feet wide or 350 feet from the center of the right of way on either side.

B. In Rindge Center; from a point 500 feet northwest of the junction of Route No. 202 and the so-called "North Road near the residence of Mrs. Mattie Wyman Pratt extending along either side of said North Road to a depth of 200 feet, thence to a point 500 feet southeast of the Four Corners on so-called Payson Hill.

Starting at a point 500 feet northwest of the aforesaid Four Corners on the aforesaid North Road and extending along said North Road to a depth of 200 feet on either side of the road to a point 500 feet East of the junction of said North Road and Route No. 202.

C. In East Rindge, from a point 500 feet northwest of the bridge located on North Street extending along Perry Farm Road to a depth of 500 feet on either side of the road, to a point 500 feet from the so-called Perry Corner.

Section II. A. This map shall be the official map of Rindge. B. A

certificate, signed by the Town Clerk, giving notice that the Town of Rindge has established an official map as of this date, be forthwith filed with the Register of Deeds of Cheshire County in accordance with Chapter 53, Section 17, of the Revised Laws of 1942 together with a certified copy of the map.

Section III. The residential district shall be a district of residences, except that established businesses may remain in their present locations, or may relocate within said District in locations approved by the Selectmen; and new business may be allowed to locate on land in said District only after having appealed to and received from the Selectmen written approval of the establishment of such business. Such business, however, shall be of a nature which is not detrimental to the general welfare, nor contrary to the general intent and purpose of this ordinance which is to promote the health, safety, prosperity and general welfare of the Town of Rindge, and to preserve it's charm as an unspoiled New England Village of Colonial origin.

Section IV. The Business District shall be the District permitting retail business, stores, shops, light manufacturing, public garage, restaurant, office, public stable, hotel, Inn, theatre, bank, public or semi-public building, provided that no such business shall be permitted which would be injurious, obnoxious or offensive to a neighborhood by reason of noise, vibration, smoke, cinders, odor, gas, fumes, dust, chemicals, or other objectionable feature; or would be dangerous to a neighborhood through fire, explosion or any other cause.

Section V. In the Industrial District, buildings, structures and premises may be constructed, altered and used for:

A. Any purpose or accessory use which is authorized in the Residential or Business Districts, without requiring any permission of the Selectmen unless such permission is required under the provisions of some other by-law or otherwise required by law:

B. Any industry, trade, light manufacturing, commercial or other purpose not otherwise prohibited by this section or by any law or by any by-law of the Town.

But no building, structure, or premises shall be constructed, altered or used for any use which would be injurious, obnoxious, or offensive to a neighborhood, by reason of noise, vibration, smoke, cinders, odor, gas, fumes, dust, chemicals, or other objectionable features, or dangerous to a neighborhood through fire, explosion, or for any other cause.

Article 13

To see if the Town will vote to amend Article III of the Zoning Ordinance by striking out Section III thereof and inserting in place thereof the following:

That no outdoor advertising signs shall be permitted except the following: Town, State and Federal Highway directional and regulatory signs, those relating to the sale or lease of the premises, the profession or

home occupation of the occupant, property restriction signs, identification signs for residences, the sale of goods or products sold on the premises, except that in such cases no sign or group of signs shall exceed twenty-five square feet in area, or take any other action thereon.

Article 14

To see if the Town will vote to amend Article III of the Zoning Ordinance by striking out Section IV thereof and inserting in place thereof the following:

That no Over-night camps, portable houses, trailers or lumber camps, or other portable structures to be used for living purposes, temporary or otherwise, shall be erected, constructed, re-constructed, altered or repaired, except after public hearing, and for such period of time as may be set forth by the Selectmen, or take any other action thereon.

Article 15

To see if the Town will vote to amend Article III by adding the following section: No place for the sale or storage of gasoline, oil and/or automobile supplies may be operated without permit in writing from the Selectmen who shall issue such permit only after holding a public hearing within 15 days of the receipt of the application for such permit and their decision shall be made known to the applicant within 10 days after such hearing. Notice of such hearing shall be sent by registered mail to property owners of property within 500 feet of the site to be so used and notice shall be published in a newspaper having a reasonable circulation in Rindge 15 days prior to the hearing; or take any other action thereon.

Article 16

To see if the Town will vote authority to the Planning Board, it's members, officers and employees, in the performance of their functions, to enter upon any land and make such examinations and surveys as are reasonably necessary, and place and maintain necessary monuments and marks thereon, in accordance with Chapter 53, Section 13, Revised Laws of 1942, or take any other action thereon.

Article 17

To see if the Town will vote to authorize the Planning Board to make or cause to be made, from time to time, surveys for the exact locating of the lines of new, extended, widened or narrowed roads in Rindge, to make and certify to the residents of Rindge at regular or special Town Meeting, when completed, a plat of the area thus surveyed on which are indicated the locations of the lines recommended by the Planning Board as the planned or mapped lines of future streets and/or roads, street and/or road extensions, street and/or road widenings or street and/or road narrowings, in accordance with Chapter 53, Section 16, Revised Laws of 1942, or take any other action thereon.

Article 18

To see if the Town will vote to authorize and empower the Planning

Board to approve or disapprove, in it's discretion, plats showing new streets and/or roads, or the widening thereof, or parks, and that the Town Clerk shall forthwith certify to the Register of Deeds of Cheshire County this authorization in accordance with Chapter 53, Section 19 of the Revised Laws of 1942, or take any other action thereon.

Article 19

To see if the Town will vote to add the following Article to the Zoning Ordinances for the Town of Rindge:

The invalidity of any provision of this ordinance shall not affect the validity of any other provision.

Article 20

To see if the Town will vote to elect the Constables of the Town as provided for in the Public Laws, State of New Hampshire for the election of Town Officers, to rescind any vote, action, or method previously voted for the appointment of Town Constables, or act in any way relating thereto.

Article 21

To see if the Town will vote to divert all north-bound traffic on Church road in West Rindge around the Common to the left of the watering trough, or act in any way relating thereto.

Article 22

To transact any other business which should properly come before this meeting.

Given under our hands and seal, this twenty-fourth day of February, in the year of our Lord nineteen hundred and forty-seven.

WILLIAM S. CLEAVES,
SIDNEY B. FITZGERALD,
DOUGLAS B. COATES,

Selectmen of Rindge.

REPORT OF THE FOREST FIRE WARDEN

HELP YOUR FOREST FIRE WARDEN PREVENT FIRES — IT PAYS !

Prevention is one of the most important phases of all fire effort. This is particularly true of forest fire control work. Preventing forest fires preserves valuable forest growth and other property, conserves man power and permits their use in productive channels, saves taxpayers' money and conserves fire fighting equipment.

The prevention of forest fires is the most important and difficult part of the work of your forest fire warden who heads a local organization set up primarily for the security of your community's forest property. Appointed by the State Forester, upon recommendation of the Selectmen, he is charged by law with the responsibility of local administration of forest fire laws, fire prevention and suppression. In his work he is aided by deputy forest fire wardens who, in emergency, may assume his power and authority. The warden is guided in his work by instructions received from the State Forester and by the District Fire Chief who represents the State Forester.

The importance and value of the work of the forest fire warden and his deputies is, perhaps, best appreciated during hazardous periods when fire danger is greatest. The public, however, looks to him at all times for speedy and economical suppression of going fires.

To properly fulfill his mission, the warden needs the generous and understanding cooperation of the public at large. He attempts to secure this cooperation by the posting of caution notices, news items and by word of mouth, always carefully explaining the necessity of restrictions imposed. In the matter of giving cooperation, however, the public often fails. The record shows that an average of 7,300 acres of woodland are burned over by forest fires in New Hampshire each year. Analysis of fire causes reveal the fact that more than 98 percent of all forest fires are, consistently, the result of human carelessness and are preventable.

The careless smoker fails to properly extinguish his cigar, cigarette or pipe ashes or thoughtlessly throws them from the car window; the debris burner fails or refuses to consult the warden, as the law requires when the ground is not covered with snow, before attempting to burn; campers fail to properly extinguish their fires or frequently build fires when conditions are unfavorable.

The elimination of human causes from the forest fire problem

is the answer. This is not as difficult of accomplishment as it might appear at first glance. Let each one who reads this —

1. Use ordinary common sense with fire in and near woodland.
2. Comply with requirements on the use of fire in and near woodland and when the ground is not covered with snow, secure written permission to burn from the forest fire warden.
3. Be careful when smoking in or near woodlands. Don't throw lighted material from moving vehicles.
4. Cooperate with and assist the warden and urge others to do so.
5. **HELP YOUR FOREST FIRE WARDEN PREVENT FIRES** — his efforts are only as effective as is the co-operation you give him!

F. J. BAKER,
District Fire Chief.

Ingalls Memorial Library

We are happy to report an unusual gift to the Library which has recently arrived. This is The Smithsonian Series, given by Mrs. George R. Wallace, Jr. of Fitchburg. The Series consists of 12 volumes of unusual value and interest. They will be placed in the Symonds Room very soon. We hope all, particularly Junior and High School students, will become familiar with the set and find it of use in connection with their work.

We are very grateful for the many gifts of current literature throughout the year. Books have been given by Mrs. Willard Gray, Mrs. Everard Upjohn, Mrs. Richard Fisher, Mrs. Harold Rice, Mrs. Harry Sherwin, Mrs. Ralph Pangborn and Misses Susan and Genevieve Doran, Eula Ferguson, Cora Cleaves, Marcia Richardson and Mr. Edward Hunt. In addition, the West Townsend Church has contributed a set of 5 volumes; Commentaries on the Bible.

For the Museum, we have had a dolls' cradle, hand-made by James Bowers of Rindge for the late Mrs. Julius Prescott on her third birthday, and left to us in her will.

The Symonds Room is now being used several times weekly by various boards and committees working for the welfare of the Town in one way or another. We approve and urge the continued and further use of this charming, well lighted and heated room but we hope the townspeople will feel that a larger budget should be allowed us to pay the additional cost of heating and lighting.

We urge too, a greater appropriation to permit an increase in the salary of the Librarian. Miss Morgan is serving us for only approximately fifty cents per hour. Compared with the current pay for the least skillful laborer, this is low indeed. It would be difficult to replace Miss Morgan's knowledge of the needs and wants of the children she tries to guide into good reading for their pleasure and development of their minds and characters.

Mrs. George Milnor of Chicago, a descendant of the Platts family, has given \$100.00 towards renewing the Young Peoples' Room. With it we have paid for the new blinds and Junior Encyclopedia Britannica. We hope further contributions will be made this year to permit replacement of the old and inconvenient stacks.

We are much pleased with the growing interest shown in the Library and are already making plans to extend the present service for the children when the new schoolhouse is ready for use.

HARRIS H. RICE
HARRY E. SHERWIN
MARY E. SHEPHERD,
Trustees.

In 1945 we were treading the Highway of progress and achievement; but we cannot always remain on the uplands;— in 1946 our way has led through the plains of everyday routine, it has even seemed like a depression, with no regular funds to spend for new books. However, we do not intend to stay in the depression.

The circulation of books has maintained an even trend during the year, comparing favorably with that of 1945. There have been some changes in the exchange service at East and West Rindge. The restoration of gasoline has made it possible for adults to use the Center library more frequently, so that the exchanges have had a small patronage. The exchange room at West Rindge has been closed until summer, although books may be borrowed and returned at the home of Mrs. Harvey Hale in West Rindge and at the home of Mrs. Edward Symons in East Rindge, where your librarian calls once each week. We wish to thank both Mrs. Hale and Mrs. Symons for their hospitality and their contribution to our library service. The school exchanges continue as usual and are highly interesting and active.

One new phase of our library service has been borrowing from the State Library collections of pictures, illustrating some of the World's famous paintings, outstanding examples of European architecture, and the beautiful art designs originating among the rural folk of Pennsylvania in the early 18th century. These pictures have been used at the West Rindge school for study and at the Center library for exhibition.

Our pride and pleasure in the newly furnished Symonds Memorial Reading Room has not diminished. It continues to awaken warm feelings of gratitude to the friend who has so greatly enriched our library.

We regret that the call to teach at the East Rindge school has made it necessary for Mrs. Edward Hunt to discontinue her work as assistant to the librarian, but we remember with appreciation and gratitude her very excellent help in the service of the library for the past five years. Mrs. Ralph Pangborn is now serving as assistant to the librarian and we anticipate through her efforts new channels of interest and efficiency for our library. This report will not be complete without a thank you to our janitor Mr. Herbert Crowell for his ever faithful and kindly service and to Miss Florence Danforth whose substitute work is an important part of our library activity.

Respectfully submitted,

ALICE L. MORGAN,
Librarian

B. Administrative Problems

In this report no effort is made to give other than statistical information regarding schools prior to July 1, 1946, the date of the change in superintendents. The two major problems facing the school board and superintendent in this Supervisory Union this present school year were, and still are: (1) the procurement of competent teachers to fill vacancies, and (2) the immediate and long term improvement of badly deteriorated school buildings and equipment. Problems of slightly less magnitude but of grave importance that have already received much careful attention and need much further study are: (1) guidance of teachers lacking experience and training toward more efficient instructional procedures, (2) the development as a cooperative effort of teachers, superintendent, interested laymen, and school boards of a more wisely planned educational program, (3) the procurement of properly selected instructional material, (4) the improve-

ment of war-time deteriorated pupil transportation facilities, (5) improvement of pupil records and accounting, (6) the development of a less time consuming and more easily understood financial accounting system and (7) the development of a better informed public opinion regarding local educational problems and conditions. Some of these problems will be discussed under the appropriate sections of this report.

Part H. Instruction

A. Teachers as of January 31, 1947

Teacher	Position	Salary	Enrollment
Carrie S. Gray	W. Rindge	\$1,450.00	12
Alice E. Hammond	Ctr., Gr. 7 & 8	1,550.00	14
Harriet S. French	Ctr., Gr. 1—6	1,500	13
Miriam Hunt	E. Rindge	1,450.00	15
Florence E. Stebbins	Music	288	—
Total			54

In Part I of this report it was stated that the procurement of competent teachers is one of the major problems of the school administration this year. On July 1, 1946 three of the four schools were without teachers. Rindge was indeed fortunate to have Miss French consent to return this year and to have two capable local people agree to help out in the emergency. It is truly important that every effort be made to attract and retain competent teachers. Reasonable salaries, not at a mere cost-of-living level, material sick leave provisions, suitable instructional supplies and equipment, and decent living and employment conditions will figure strongly in holding the kind of teachers who will give boys and girls the guidance and help they most need.

B. Instructional Methods and Materials

At the beginning of the present school year a quick survey of school needs was coordinated with careful study and discussion by the teachers and superintendent and decisions were reached regarding the program of studies to be followed, the methods of instruction to be used, and the selection of effective textbooks, workbooks and other instructional supplies and equipment. In order that the program of instruction in all schools be continuous and a well-integrated whole, a basal reading system was adopted for grades one through six. The fundamental vocabulary and concepts built up in these grades through this system form the basis of the textbooks and workbooks selected in arithmetic, language, social studies, health, science, and spelling. In grades seven and eight new books have been procured for the courses in junior mathematics, social studies, science, language and spelling. These new materials, constructed on the basic philosophy that children learn by doing, have proven very helpful in stimulating pupil interest, and the enthusiasm with which they are pursuing their work is highly encouraging. Next year still further progress should be made in bringing the instructional materials up to a higher standard.

REPORT OF THE SCHOOL NURSE

OLA M. MYHAVER, R. N.

The following is a summary of the report of the School Nurse for the calendar year 1946. Since September 1946 all children at the Rindge schools have been inspected by the School Nurse. Notices of defects found, have been sent to parents. Home visits have been made, when necessary. Vision tests and hearing tests have been conducted. The latter tests will be re-checked by means of the audiometer in the near future. All students have been weighed and measured. A physical growth chart is in each class-room.

Parents have been asked to fill out a disease census card for each child, entering school for the first time. This has been recorded on the Health Card for each child, filed at the school by the School Nurse.

In compliance with the regulations of the State Board of Health, exclusions on account of communicable diseases have been made. We have had measles and pediculosis reported. The School Nurse has co-operated with the parents to eliminate the latter.

Through cooperation of the State Board of Health and the Tuberculosis Association, with the Board of Education (Local and State) Tuberculin skin tests and X-rays were made under the direction of the Tuberculosis Association Nurse, Mrs. Aiken, assisted by X-ray Technicians and the School Nurse. First aid cabinets have been refitted in each school. Accidents requiring first aid have been cared for.

Health posters and Health projects have been carried on by the class-room teachers. Health inspection, daily, has also been carried on by the class-room teachers.

Each student seems to have a family dentist so it is rather difficult to plan a clinic in which all needing attention would be benefited. One dental clinic was held in June 1946 at the Center School by Dr. Grimes. This was sponsored by the Board of Education and parents.

Vision defects have been followed up by the parents. Examinations have been made and glasses fitted or advice given to the parents about the defect by an eye specialist.

At this time the School Nurse wishes to express her appreciation to the Superintendent of Schools, the Dentist, Teachers, the Board of Education and others for their co-operation and assistance.
